Awards must fund scholarships, during the Spring 2006 academic semester, to graduate nursing students who are in programs that will qualify them to become nurse educators.

Please attach and explain on one page (you must address all bullet points below):

- Provide an estimated overall award your school would be able to use, as scholarships, to qualified students for the Spring 2006 academic semester.
- How your school will identify and select recipients and determine the amount of the scholarship that will be awarded to the recipients (all criteria must be objective and non-discriminatory). Please provide the projected amounts the scholarships, per student, will be and the estimated number of recipients these scholarships would be awarded to for the Spring 2006 academic semester.
- How the funding of these recipients will affect the number of students graduating from your program who will be qualified to become nurse educators.
- How your school will report distributions, to demonstrate the link between the objectives of the Graduate Nurse Education Grant Program and the recipients selected.
